3) The reference received from the Prime Minister's Secretariat relate to a petiton by the aggrieved tenants of Alpe Village, Padil, Mangalore in the matter of acquisition of lands in Alpe Village for wood Seasoning Kiln by the Forest Department and they have requested for the stay of the further proceedings in this behalf. The connected file AFD60 FGL 63 wherein orders have been taken in the matter of acquisition of the land now referred to by these villagers, may kindly be perused. All aspects of the case have been considered and a decision has been taken after obtaining the orders of the Minister for Forests and the Chief Minister. Since the C.C.F. had reported that there is no other suitable land in the vicinity and needful action had already been taken in this behalf, the above decision had been taken.

X 'T' 4) With regard to the telegrams received, on one of the telegrams, the Secretary, A & F, has been pleased to note as follows:-

> 'Time may be given till the crops are harvested under the circumstances if true'.

So a report will be called for from the C.C.F. immediately forwarding a copy of the telegram to know the correct position. Draft put up may be approved.

MYSORE GOVERNMENT SECRETARIAT
NO. 8777
2 - DEC 1963
G.A.D. (POLITICAL)

Dear Sir,

I am directed to forward herewith the enclosed application dated October 19,, 1963 which has been received from the 23 tenants of Alape Village, Padil, Mangalore-2. As will be observed, they have stated that their paddy lands which they have been holding for several years on chalgeni or moolgeni basis, are going to be acquired by the Forest Department of the State Government for the installation of a Wood Preserving Plant and that they have already been served with eviction notices. They have added that as this would mean their displacement and starvation, they represented to the authorities concerned for not disturbing them but without any success. They have sought the Prime Minister's help and have requested that the State Government be advised to select alternative site available in the neighbourhood and which is not so fertile/. We shall be grateful if the State Government will kindly look into the matter and let us know the facts of the case.

/for the purpose

Yours faithfully,

(P.N. SAHI)

MASS PETITION BY THE AGGRIEVED TENANTS
OF ALAPPE VILLAGE, PADIL, MANGALORE-2,
MYSORE STATE.
****

Sub: Acquisition of Lands in Alape Village-Wood Seasoning Kiln by Forest Department - Stay of acquisition proceedings-prayer.

---oOo---

Respected Sir,

We, the aggrieved ryots and tenants of Alape Village in Mangalore Taluk, beg to submit the following for your very sympathetic consideration and pray for early relief.

We have been enjoying small extents of paddy lands as either on chalgeni or moolgeni basis for several years and some of us have been chalgeni tenants from the time of our fathers and forefathers.

We have now been served with notices by the Revenue Authorities that the paddy lands enjoyed by us will be acquired by Government for installation of a Wood Preserving Plant by the Forest Department and more than twenty tenant families will be displaced and rendered homeless and without employment, facing starvation as a consequence thereof. Being sons and daughters of the soil engaged in agriculture, we find it very difficult now, at this late stage, to switch over all of a sudden to some other avocation. Further, being in the land for severalyears, it is very difficult for us to be uprooted from the soil. The blow has come upon us at a time when the Government has been launching new schemes to intensify agriculture and has been crying hoarse for increasing agricultural output

in the country, to enable our nation to stand on her own legs in the matter of foodgrains.

It looks ironical to be told, on the one side, that we should augment agricultural output and, on the other, to take away valuable agricultural lands out of agriculture. We are really surprised and perplexed by the attitude of some of the Government departments themselves, in recommending conversion of agricultural lands for non-agricultural purposes and on the plea of public purpose works, even against the intentions of the Agricultural Ministry of the Government of India and contrary to the repeated assurances given by your good self that valuable agricultural lands shallnot be acquired for any non-agricultural purpose.

We beg to represent that the 30 acres of land that are proposed for acquisition just near Padil, about three miles from Mangalore Town consist of fertile paddy fields bearing two and three crops every year. The tenants who have been enjoying these lands from time immemorial have effected several improvements, having formed new fields under paddy, dug wells for irrigating these paddy lands, constructed buildings, cow sheds, poultry centres and other appurtenances. Irrigation pumpsets have also been installed by two of the tenants among us, namely Sri Henry Machado who has installed a 5 H.P. electric pumpset while, Sri A. Narasimha Alva, another tenant, took advantage of the hire-purchase, on 8 annual instalment basis, offer of the newly formed South Kanara District Co-operative Agricultural Development Society Ltd., Mangalore. This was the first pumpset supplied

by this Society and the inauguration was performed by Sri B. Vaikunta Baliga, Speaker of the Mysore Vidhana Sabha, on 16th January 1963. Electric lines were extended for about 500 yards for this purpose and at the expense of the Government. We submit that the proposal to acquire these valuable paddy lands will cause untold hardships to the number of agricultural tenant families in the locality and also much loss to Government.

Further, we beg to state that the question of acquisition of lands for the purpose of Wood Preservation Plant had been once put off by the Forest Department some time back, according to information conveyed to us. In the light of such information, we were inspired by the drive launched both by the Central and State Governments to step up agricultural activity when every assistance and aid was assured. Some of us made bold to instal the pumpsets for irrigating our tenancy holdings and to raise more crops.

We have been representing to the authorities concerned now and then, expressing our strong protest against the proposals of the State Forest Department to acquire these valuable paddy lands in Alape Village and we have also brought to the notice of the authorities that sufficient and suitable alternative lands are available in the vicinity at Alape and Kannoor Villages, with adequate source of water supply, which is essential for the Wood Seasoning Project. In this connection, we wish to make it clear that abundant

water supply is available and at easy reach of depth in the lands suggested by us for acquisition alternatively and which lands are level waste lands not under agriculture.

Our representations to the officers concerned, to the Ministers of the State and the Chief Minister of Mysore having proved a voice in the wilderness and there being no hope of securing any relief, we are now making this prayer to you, Sir, in the hope that a word from you to the concerned authorities in the State would go a long way to provide us relief against displacement and unemployment. In this connection, we beg to state that the Hon'ble Sri A. M. Thomas, Union Minister for Food and Agriculture, who was on a short visit here in January 1963, was pleased to hear our representations and assured us that he had requested the State Forest Minister to give sympathetic consideration to our requests. But, unfortunately for us, we have received a deaf ear at the hands of the State authorities and the acquisition proceedings are being pushed ahead.

We, therefore, pray that you may please bestow your sympathetic consideration to this appeal of ours and direct the State authorities to stop the acquisition proceedings against the undersigned agricultural tenants of Alape and to select other alternate sites available in the neighbourhood. We wish to assure you, Sir, that we are not against the location of the Wood Preservation Plant at Alappe, and that our prayer is only that other and more suitable alternative sites be selected for acquisition.

We pray you will kindly excuse us for troubling

you in the midst of your pressing and more onerous duties and hope to receive a sympathetic word of assurance and relief.

Enclosed = Twenty three papers with eye-sketch

Humble Petition of the displaced Chalgeni Tenants of Alape Village, Kankanady P.O., Mangalore Taluk.

Respected Sir,

Sub: WOOD SEASONING KILN - Displacement of Chalgeni Tenants' families - Pitiable Plight - Relief Requested

We beg to submit the following for your sympathetic consideration and suitable orders considering our plight purely on humanitarian grounds.

As you may please be well aware, we are the 22 Chalgeni Tenant families of Alappe Village in Mangalore Taluk who are being rendered homeless and driven out of our longstanding tenancy holdings with the finalisation of the acquisition proceedings for the Wood Seasoning Kiln proposed to be installed by the Forests Department of the Government of Mysore We are now given to understand that the acquisition proceedings are being finalised and the plight of these families will be miserable.

We beg to submit to you, Sir, that we have been chalgeni tenants cultivating the tenancy holdings in this village from our fathers and forefathers' time and we donot know any other avocation of life but agriculture. Inspite of our every effort to represent the need for dropping the acquisition of the valuable agricultural lands and the selection of more suitable alternative sites in the neighbourhood, our voice has been in the wilderness.

May we now represent to you, Sir, to give due consideration to our plight whereby we will be rendered homeless and displaced from our holdings in which we have toiled all along in the effort to increased food production, and extend to us suitable reliefs to rehabilitate us and provide us suitable avocations in life and to provide relief for the various improvements effected by us during the long period the land was under our tenancy enjoyment?

Praying that you will kindly give your most sympathetic consideration to this humble request of ours and extend some relief to the displaced families,

We remain,

Yours faithfully,

A. Narasimmacha. D. Ullachandra and others

Sept 7/63

Dear Sri Nijalingappa,

You recall my personal representation as President of the District Congress Committee on behalf of Sjts. H. Machado and A. Narasimha Alva of Alpe Village, Mangalore and several others. The Government of Mysore, Forest Department was contemplating on having some Industries set up in this area and therefore wanted to acquire agricultural land. The District Congress Committee strongly protested against this and pointed out that there was alternate non-agricultural land unless it becomes absolutely and inevitably necessary where alternate non-agricultural land is available, this was supported by you. But I now find the Under Secretary to Government has written to them that their request to stay acquisition proceedings has been rejected.

I had made representations to Shri M.VKrishnappa our Minister for Revenue who agreed with me on this point and said that he was appointing a Committee of responsible citizens who would advice the Government about acquisition of such land in future.

May I recall the statement of the Prime Minister in the Lok Sabha that, instructions have been issued to the State Government that agricultural lands should not be acquired. But unfortunately some of the officials seem to be determined to go ahead inspite of such instructions making it a matter of prestige. I appeal to you again to see that this matter is fully looked into and is not made a matter of prestige, these people have no other alternative. But to fall back on your sympathetic consideration and I have assured them they could depend upon it.

With kindest regards,

Yours sincerely,

(Sd) T. Anant Pai

From
Henry Machado,
Secretary,
Kankanady Mandal Congress Committee,
MANGALORE 2.

To
The President,
Mysore Pradesh Congress Committee,
BANGALORE 9.

RespectedSir,

Please permit to represent to you the hardships and grievances of over 20 poor tenant families of Padil-Alappe in the Kankanady Mandal area.

You may please be aware that there has recently been a proposal before the Forests Department to establish a Wood Seasoning Plant and for this purpose a plot of very valuable agricultural land is being acquired and thereby a number of chalgeni tenant families who were cultivating the land from a long time are being displaced and rendered homeless.

This fact was brought to the notice of the authorities, and the Ministers concerned and also our beloved Chief Minister by the tenant families at the appropriate time, but has proved to be cries in the wilderness. The South Kanara District Congress Committee had also unanimously passed resolutions in 1961 and in 1963 expressing dissatisfaction at the action of the Revenue authorities in acquiring agricultural lands when suitable waste dry lands were available in the vicinity.

Further, the agrrieved tenants also took the opportunity of the visit of the State Forests Minister, Hon'ble Sri B. Rachiah and the Union Deputy Food Minister, Hon'ble Sri A. M. Thomas, early this year to make representations to them in this behalf and prayed that the acquisition of the agricultural lands be stayed and steps be taken to acquire certain other plot of land nearby and the two Ministers were pleased to see the sites also.

The tenants, who have been cultivating the lands from their ancestors' time, have recently effected much improvements of the land and also installed irrigation pumpsets therein in response to the call of our leaders to step up agricultural production and the first pumpset supplied by the newly started South Kanara District Cooperative Agricultural Development Society was installed by one of these tenants, Sri A. Narasimha Alva and was inaugurated in January by our Hon'ble Speaker Sri Vaikunta

Baliga.a Sri Alva has raised a third crop on this land. A contribution of five muras of rice were given to the National Defence Fund by three of the tenants in this area.

Now that our representations to the concerned authorities and our Ministers have not resulted in any assurances of security for these tenants on their holdings, we are coming before you with a prayer that you will kindly use your good offices and put in a word at proper quarters and help relieve the distress of the aggrieved tenants of Alappe. We pray that the proceedings for the acquisition of the agricultural lands should be cancelled and suitable steps be taken for acqusition of other more suitable and uncultivated waste land for the installation of the 'Kiln'.

May I also request you to be good enough to place this matter before the M.P.C.C. so that suitable recommendations may be made to those in authority to avoid acquisition of agricultural lands?

Thanking you,

Yours in service,

(Henry Machado)
Secretary

To

Hon'ble Sri S.Nijalingappa, M.L.A.,
Chief Minister to the Government of Mysore,
Bangalore-1.

Joint petition of H.Machado, Alpe Village,
Padil, Mangalore-2, and A.Narasimha Alva,
Alpe village, Mangalore-2.

--

Respected Sir,

Sub: Acquisition of Lands in Alape village -
Stay of proceedings - prayed for -

--

In response to our representations made to you in person on 12th March 1963 regarding the prayer for stay of proceedings of acquisition of lands (agricultural lands) in Alape village near Mangalore for a Wood Seasoning Kiln proposed to be started by the Forests Department, you were pleased to give us an assurance that necessary orders would be passed in the matter and further, we were also given an assurance by you through our District Congress President, Sri T.A.Pai, that the concerned had been directed to stay acquisition proceedings pending enquiry on our representations.

Please permit us to come before you once again with a prayer that definite orders be kindly passed directing local officials to stay action in this behalf. Inspite of your assurances that the matter would be stayed, we fear that local officials, we understand, have been getting the awards ready with unusual haste and hurry and that we are made to believe that your assurances have not been given heed to by the officers concerned.

We pray that you may please be good enough to expedite orders for staying the proceedings and to direct the Revenue Officials concerned to do the needful

and thereby give us necessary relief.

May we further bring to your kind notice the fact that the season for the next agricultural operations is on and an assurance from you will go a long way to give us confidence that we will not be disturbed from our chalgeni holdings and that we can go ahead with the ploughing and other operations for raising the first crop?

We beg to be favoured with an early and favourable reply of reassurance.

Thanking you,

Yours faithfully,

Sd/ H. Machado

Sd/ A. Narshima Alva.

13th March, 1963.

Hon'ble Shri S. Nijalingappa,
Chief Minister,
Government of Mysore,
BANGALORE.

My dear Shri Nijalingappa,

There is another thing that I would like to bring to your kind notice i.e. the petitions submitted by the tenants of Alape Village in Mangalore Taluk some time ago. The Forest Department wanted to acquire some valuable agricultural lands in the City of Mangalore for the purpose of locating a Wood Seasoning Kiln. I know some of the landlords are behind this move as they want to get the compensation, depriving their tenants.

When the matter came up before the D.C.C., a resolution was passed last year and duly communicated to the Government that this land should not be acquired as it is quite possible to find out any amount of land within the District or even near Mangalore for locating the wood seasoning kiln.

Later just last month, one of the tenants had gone in for an irrigation pump set and it was ceremoniously inaugurated by no less a person than the Speaker of the Mysore Assembly. Within a month, the tenant has been served with an order of acquisition. When I approached the authorities, I was told that they had gone too far. I think when the matter is not right, they can even retrace without loss of prestige. As President of the South Kanara District Congress Committee, I am much grieved that the Government have not cared to look into the resolution passed by the D.C.C. considering the issue from all its aspects, when they had said that they have gone too far. The D.C.C. had once before passed a resolution that the wood seasoning plant should be located in Puttur Taluk near the forest and not in the City of Mangalore. But unfortunately, decisons are

taken for other considerations than merits of the case.

I would therefore request you, to stay the proceedings and get this question examined afresh. Just after this incident, the D.C.C., Soth Kanara has passed a resolution strongly urging on the Goverment not to acquire any valuable agricultural wet land in South Kanara, unless there is no alternative to it, because land is limited and we are over populated and we would not like to have more problems created in the name ofdevelopment. I know your heart cries for the poor people and youwill appreciate their difficulties. I would, therefore, request your personal intervention, because so far, I have failed to impress others.

With kindest regards,

Yours sincerely,

Sd/-

(T. ANANT PAI)

True Copy

To

The Hon'ble Chief Minister,
Government of Mysore, Bangalore.

Humble petition submitted by the aggrieved Ryots and Tenants of Alpe village in Mangalore Taluk.

Respected Sir,

We, the aggrieved ryots and tenants of Alape village in Mangalore Taluk, beg to submit the following for your very sympathetic consideration and appeal to your good self to take up our case at the proper quarters and help us in securing immediate relief.

We have been enjoying small extents of paddy lands as either on chalgeni or moolageni basis for several years and some of us have been chalgeni tenants from time of our fathers and forefathers. We are now served with notice by the Revenue Authorities that the paddy lands enjoyed by us will be acquired by Government for installing a wood Preservation Plant by the Forests Department and nearly twenty families will be rendered without employment and facing starvation as a consequent thereof. Being sons and daughters of the soil engaged in agriculture, we find it very difficult now, at this late stage, toswitch over all of a sudden to some other ovacation. Further, being in the land for several years, it is very difficult for us to be uprooted from the soil. The blow has come upon us at a time when the Government has been alunching new schemes to intensify agriculture and has been crying hoarse for increasing agricultural output in the country to enable our nation to stand on her own legs in the matter of foodgrains. It looks ironical to be told, on one side, that we should augment agricultural output and from the other take away good agricultural lands out of agriculture.

We beg to represent that the 30 acres of land that are proposed for acquisition just near Padil, about 3 miles from Mangalore Town consist of fertile paddy fields bearing two and three crops every year. The yield from these lands would be almost 500 muras of rice. The tenants who have been enjoying these lands from time immemorial have effected many improvements; they have formed new fields, constructed buildings, dug up wells, put up cow-sheds, poultries and other appurtenances. Sri M. Macadao had installed a 5 H.P. electric pumpset for irrigating the lands under his cultivation andhas been raising 2nd and third crop. Further, another Sri Narasimha Alva, among us has been the beneficiary of the new hire-purchase scheme of the South Kanara District Co-operative Agricultural Development Society Ltd., his being the first pump-set to be installed by the society and the same was inaugurated on 16th January 1963 by our popular Speaker Hon'ble Sri B.Vaikunta Baliga. For this purpose the electric line has been extended for a length of about 500 yards at the expenses of the Government. This will be a complete loss if the land is acquired. We submit that the real motive behind this acquisition of land is to help the landlords of these fields who have used their influence with the District Authorities. Even the District Authorities show too much of interest in acquiring this land in spite of the repeated objections since July 1961.

We beg to state that the question of acquisition of lands for the proposed Wood Preservation Plant was put off by the Forest Department, sometime

back, according to information conveyed to us. In view of the prevelance of emergency and also the drive launched both by the Central and State Governments to step up agricultural activity when every assistance and aid was assured to agriculturists in augmenting the output of foodgrains, some of us went forward to instal pump sets for irrigating the lands, as stated above.

We have been representing to the authorities concerned now and then, expressing our strong protest against the proposals for acquisition of paddy lands in this village and we have also brought to the notice of the authorities sufficient and suitable alternative plots available in the vicinity at Alpe and Kannoor villages, but to our great mis-fortune, the representations seem to have fallen on the deaf ears and we are facing now displacement and un-employment and consequently untold misery.

We beg to represent that we took the opportunity of the recent visits of digmitaries including the Hon'ble Sri A.M.Thomas, Union Deputy Minister for Food. Agriculture and Fisheries and the Hon'ble Sri B.Rachiah, State Minister for Agriculture, Forests and Fisheries to represent our hardships to them and to make representations to the State Minister regarding availability of suitable alternative lands, which he was pleased to inspect personally. The Union Deputy Minister for Food Sri A.M.Thomas has without a letter to the tenants that he had an occasion to talk to Sri Rachiah the Minister of Forests, Government of Mysore and he would feel our request in this regard would be considered sympathetically. We are very much gratified to learn from the

Union Deputy Minister for Food that he was pleased to discuss the matter with Hon'ble Sri Kachiah, Minister for Forests, Mysore Government and assuring us that the Memorandum would be considered sympathetically.

In conclusion, we pray that you may also bestow your kind and earnest consideration to the miserably plight of the undersigned ryots and help them in every way to secure a relief and to move the concerned authorities to stop acquisition proceedings against the undersigned and to select the alternate site available in the neighbourhood thereby helping the cause of agricultural activity in this area.

We beg to remain, Respected Sir,
Yours faithfully,

True Copy

To

The Hon'ble Minister of Forests,
Government of Mysore,
Camp: MANGALORE

Respected Sir,

We beg to bring the following to your kind notice and request you to consider the same sympathetically and pass orders thereon.

The Government has decided to acquite about 30 acres of land just near Padil, about 3 miles from Mangalore Town. The land is said to be for the purpose of having a wood preservation plant under the Forest Department.

The entire land consists of rice fields bearing two and three crops per year. They are all in possession of tenants who have been in occupation of them since time immemorial. They have effected vast improvements.

The land in question is really a fertile land, situated in a valley in between two hills just on the southern side of the main road at Padil.

The tenants have improved these lands, they formed new fields, constructed buildings, dug up wells, put up cow shed and other appurtenances. Some of us have installed electric pump sets for irrigating the fields.

We may bring to your kind notice that recently when the Land Acquisition Bill was before the Parliament the Minister for Food Sri S.K.Patil had given an assurance that as far as possible, the acquisition of crop growing areas would be avoided. This land is a rice-growing area, wherein 3 crops are grown per year. This acquisition is completely at variance with the assurance given by the Central Food Minister.

This is a period of emergency. Production of more food stufs is a matter of national concern. Hence, this acquisition would be against the national interest and the declared policy of the Government.

We may bring to your kind notice it is not as if no other land is available nearby: vacant plots are there in the neighbourhood. For instance area covered by S.Nos. 23/1-A2A3, 23-1A2, 5-3, 53-2, 138-8, 139-7 etc., in Alpe village are punja lands without any cultivation.(copy enclosed herewith) Besides these plots other plots are also

there without being brought under cultivation.

It is therefore prayed that you may be pleased to hold a local inspection of the plot and direct the authorities concerned to cancel the order of acquisition of these plots.

Dated: 28.1.1963. A Narsimhaiah. Yours faithfully, J H Machado and others

BEFORE THE DEPUTY COMMISSIONER, SOUTH KANARA, MANGALORE.

Albert Francis Pereira, and others,)
Alape village, Mangalore Taluk,) Petitioners
Post Kankanady.)

The petitioners above named beg to submit as follows :-

The petitioners understand that there is a move on the part of Government of Mysore, to acquire about 30 acres of land in Alape village, Mangalore Taluk, for the purpose of a Timber Depot and certain preliminary steps have been taken in this respect. According to the information, the site that is tentatively chosen for the said depot is the strip of land lying south of Mangalore-Bantwal High Road at Padil and virtually comprising a fertile valley in between the Padival and Jennre Saw Mills.

This strip of land belongs to different wargdars but is now in actual possession of tenants. Some are Kulagani and others are Chalgeni tenants. These tenants have been in possession of the same from time immemorial. Vast improvements have been effected by them in their extensive holdings and their living wholly depends upon the agricultural and horticultural products grown therein. To make clear the magnitude of stake involved in the matter detailed information pertaining to the respective holdings is shown in the detailed list enclosed herein.

Thus it can be seen that there are tiled buildings, valuable constructions, and vast items of improvements, effected by the petitioners whose valuation alone would be not less than 1½ lakhs of Rupees.

In the adangal, some of the wet lands in the said plot are shown to classified as 2nd or 3rd class. But now they are pucca 1st class fields. The tenants have improved the said lands. Modern methods of irrigation timely application of manure and intensive cultivation on the part of these tenants have contributed much for the improvement of their lands. They are growing now 3 crops per year and yearly yield may be estimated

not less than 200 muras of rice from these 13 acres of wet lands.

From the forgoing facts it is clear that these petitioners have not only expended their hard labour but also invested their hard earned money on their lands and in return these lands have become means of livelihood for more than 30 families.

In these circumstances, the consequences of acquiring these lands would be far reaching and very much detrimental to the interest of these petitioners. The families now depending upon these holdings would be deprived of their means of livelihood without anything in return. They would be rendered homeless and jobless. Their efforts in improving the land would go in vain. Their future interest in these lands would be lost to them.

Apart from these personal interest and the consideration of these families, the national interest also cannot be lost sight of. This strip of land being valley is very fertile and brings a rich dividend now. While to produce more food, in the national interest, the conversion of the said fertile land into a non-productive timber depot would be far from justifiable, that too when the fallow land lying waste in the neighbourhood is easily and plentifully available.

Near these lands, there is plenty vacant punja land adjacent to Padival Saw Mills. These are no effected improvements therein. Similarly in S.No. 32 in the same village more than 40 acres are said to be without any items of improvements on it. Hence even from the monetary point of view also those vacant fallow lands would be far cheaper to acquire than the proposed ones.

In these circumstances, it is requested that taking all the aforesaid representations, with consideration, the proposed

idea of acquiring these lands, may kindly be dropped and if necessary you may be pleased to make a spot inspection in this respect.

A. F. Pereira
Petitioner.

And other 39 signatories.

Mangalore,)
Dated 6-7-1961.)

No.B1/68-1815/56-57.

Chief Conservator's office.
Bangalore, dated, 30th December, 1963.

To

The Secretary to Government,
Agriculture and Forest Department,
Vidhana Soudha,
Bangalore.

Sir,

Sub:-Acquisition of Agricultural Land for Non-agricultural purposes - For installation of a Wood Preservation Plant.

Ref:-Government letter Nos.No.AFD 125 FGN 63 dated 9-12-63 and AFD 60 FGL 63 (Sup)dated 17-12-1963.

Reference in this connection is invited to this office letters of even number dated 13-11-61 and 24-4-63 in response to which Government in their letter No.AFD 60 FGL 62 dated 13-5-63 have directed to see that the acquisition proceedings already taken are continued for the purpose of installation of the Wood Preservation Plant.

2. An area of 12.13 acres is proposed to be acquired which consists of -

(i)	Dry lands	-	4.11 acres.
(ii)	Wet lands	-	6.84 acres.
(iii)	Garden lands	-	1.18 acres.
			12.13 acres.

3. As the acquisition proceedings are undertaken by the Revenue Department as per Government order No.RD 39 LAF 62 dated 16-12-62, the exact position of the proceedings is not known. This is being ascertained and a report to that effect will be submitted to Government early.

Yours faithfully,

31/12

Chief Conservator of Forests.

AGRI. & FOREST DEPT (REGISTRY)

Sir,

+Sub:-Acquisition of Agricultural land for non-agricultural purposes - for installation of a wood preservation plant.

- - - -

Ref:-This Office letter of even No. dated 2-1-1964.

- - - -

I enclose herewith a copy of the letter No.53-832-LND/62-63 dated 6-1-1964 from the Divisional Forest Officer Mangalore South which furnishes the latest developments about the land acquisition proceedings at Alape.

Yours faithfully,

28/1

CHIEF CONSERVATOR OF FORESTS.

Copy of letter No.53-832-LND/62-63 dated 6-1-64 from the Divisional Forest Officer, Mangalore South Division, Mangalore, to the Chief Conservator of Forests in Mysore, Bangalore.

- - - - - - -

Sub:-Acquisition of land for wood Preservation plant at Alape village-Mangalore - latest position of acquisition details submitted.

Ref:-Chief Cons's ref. No.B1/68-1815/56-57 dated 2-1-1964.

- - - -

With reference to the above, I submit that the Assistant Commissioner, Mangalore has passed the Award proceedings and the parties concerned had been directed by him to surrender possession of the lands on 18-11-1963.

Only the following Sub-divisions have been taken charge so far by the Forest Department.

S.L. No.	S.No.	Extent.
1	23/4 B	0-12
	23/6 A1B2	0-64
	23/6 A2 B	0.91
		1.67 acres

Meanwhile the Deputy Commissioner in his reference No.B1. 33041/62 dated 1-1-1964 requested the Divisional Forest Officer to intimate whether there is any objection to allow the tenants to harvest their paddy crops before 15-2-1964. The Deputy Commissioner of South Kanara has been intimated on 3-1-1964 that there may not be any objection to allow the tenants to harvest their paddy crops if the lands in question are definately handed over to this Department by 15-2-64 the latest, in the light of the arrival of the machinery by about May 1964. In the meanwhile, I would like to inform there is already a shed existing on the lands released already to stock the machinery as and when it arrives.

"C O P Y"

Chief Conservator of Forests.

PRIME MINISTER'S SECRETARIAT

No.3/571-S/64-PMP. *New Delhi-2, the*.....

14 FEB 1964

Dear Sir,

I am directed to invite a reference to this Secretariat letters No.3/571-S/63-PMP dated the 27th November and 31st December, 1963 regarding a complaint from the tenants of Alape Village against the acquisition of their land by the Forest Department of the State Government for the installation of a Wood Preserving Plant and to say that we shall be grateful for an early reply.

Yours faithfully,

(P.N. Sahi)
Private Secretary
to the Prime Minister

The Chief Secretary,
Government of Mysore,
BANGALORE.

AGRICULTURE DEPT. GOVERNMENT OF MYSORE 18 FEB 1964
CHIEF SECRETARY No. T.79 18 FEB 1964 GOVERNMENT OF MYSORE
MYSORE GOVT. SECRETARIAT AGRL & FOREST DEPT. No. 893/F/B 19 FEB 1964

K. BALACHANDRAN,

D.O.No. Ch.S. 117/64.

Dated 10th March 64,

Dear Shri Sahi,

Kindly refer to your letter No.3/571-5/63/PMP dated 23rd November 1963 and subsequent reminder regarding acquisition of land for the Wood Preservation Plant at Alape village near Mangalore. I have studied this subject in consultation with the Forest Department of the State Government.

In the first place, the total area proposed to be acquired is only 12.13 acres of which wet lands comprise only 6.84 acres and not 30 acres as stated by the petitioners. Moreover, the Forest Department is of the view that there is no other site suitable for the purpose in the locality. We shall of course ensure that persons who have raised their crops in the land to be acquired are not put to hardship; instructions have already issued granting them time till the crops are harvested before vacating the land.

Yours sincerely,

(K. Balachandran)

Shri P.N. Sahi,
Private Secretary to the Prime Minister,
Prime Minister's Secretariat,
New Delhi-11.

Issued.
10/3/64.
